Southco® — Fasteners, Latches & Access Hardware

The Trusted Global Leader for Engineered Access Hardware Solutions

Southco® is a global manufacturer and world leader in latches & access hardware. Whether you need a standard panel fastener, quarter-turn, compression latch, hinge or modified configuration, Southco® and Hardware Specialty® can assist you with the design and support to meet your needs.

Southco® was founded in 1899, as a specialty pipe manufacturer for the burgeoning Pennsylvania oil industry. In 1945, Southco®, Inc. was created with the entry into the specialty fastener and latch business. Over the past 60 years, they have transformed and grown into a global leader in Engineered Access Hardware.

Southco® solutions are a key part of products that thousands interact with every day. Their engineered access hardware solutions include key “touch points” such as locks, latches, captive fasteners, hinges, handles and other innovative products. Their application universe covers industries such as marine, automotive, off-highway / construction, RV/ caravan, industrial machinery, enclosures, HVAC, medical equipment and network, telecommunications and computers.

For more than 100 years Southco® has helped customers solve and overcome engineering challenges. Their vision is to help customers differentiate the engineered “touch points” of their products so they become easier to sell and use by the end users. Southco® strives to realize this vision by investing in a strong technical sales and marketing team backed by engineering and operational excellence.

Southco® is an industry leader of today and prepared for the possibilities of tomorrow.

Industries

- Aerospace
- Automotive
- Bus
- Consumer Electronics
